01

HANDLE LOCKS

A thick, dark blue diagonal line that starts from the left edge of the page and extends towards the right, positioned below the "HANDLE LOCKS" header.

Single-piece handle assemblies on integrated backplate. Manganese steel and stainless steel construction, available in matte black, antique brass, brushed grey, titanium black gold, and nickel finishes. Designed for residential entry doors and interior passage doors.

SPLITHANDLE LOCKS

Modern split-design hardware: handle on rosette plus separate cylinder rosette for clean visual lines and easier installation. Five base materials — aluminum alloy, manganese steel, stainless steel, zinc alloy, anodized aluminum, with select wood-grip and ceramic options. Over 15 finishes available.
